New Secondary School

The Council is planning to build a new Secondary School as part of the wider Bertha Park development scheme.

Plans developed for building the new school include teaching spaces, dining facilities, and sports facilities plus associated spaces.

As a Primary / Secondary school directly affected, I realise that you may wish to learn more about the project and have an opportunity to meet with members of the Project Team.

Consequently, I would like to invite you to attend an informal drop-in session to be held in the North Inch Community Campus on Tuesday 15 November 2016 between the hours of 16.00 and 20.00.

Plans and design details will be on display and members of Perth and Kinross Council staff from Education and Children's Services will be on hand to answer enquiries and discuss concerns in respect of the proposed designs. Representatives from the architects and construction companies will also be in attendance.

A further session will be held at a future date to discuss operational and transition arrangements for the school. The time and date of this additional session will be released in the next few weeks.

This is an informal consultation process in advance of the formal full planning application.

Should you be interested in attending but find that this date and time is not convenient, then please telephone 01738 476330 to discuss.

Yours sincerely

Andy Cook
