

Scottish National Standardised Assessments

What are the Scottish National Standardised Assessments?

- literacy and numeracy assessments for P₁, P₄, P₇ and S₃
- The assessments help to identify your progress
- They help to support teacher judgements
- Not pass or fail
- Identifies strengths
- Identifies things you need to work on

Assessments

- Online – you will be given a unique log-in
- Three assessments: reading, writing and numeracy
- Practice assessment
- Questions change based on your answers
 - Get it right and the questions get more challenging!
- You will get the time you need

Reports

- Teachers get a 'diagnostic report'
- This will outline your progress in literacy and numeracy
- The information will be used with other classwork and assessments to help support you

Assessments

Numeracy 2017-18

This is a numeracy assessment.

There are four or five options (choices) for each question. Read each option carefully, then choose the button next to the option you think is correct. If you want to change your answer, choose a different button.

To move to the next question, click **Next** at the bottom of the screen. You will not be able to return to the question.

- You may need to scroll to see the whole question.
- Your teacher will give you some paper for working out your answers.

When ready to proceed, **click the button below**.

Start assessment

When?

- Assessments will be completed by the end of January
